School Activities

Deleted Documents: I, even I, am He who blots out your transgressions. Isaiah 43:3

One minute the computer screen is full of words that you have typed. Then, with one stroke of a key on the keyboard, you can eliminate them all. Suddenly they are gone. It's not like a wad of paper that you throw away – You can still keep track of that as it goes from waste can to garbage truck to landfill. Computer words, when deleted, are gone for good and can't be recalled.

Isn't that the way it is with our sins that have been forgiven by God? God wipes our sin from His record, forever! consider them gone. If God has blotted out your sins, it's time for you to delete them too.

“When God deletes a sin, let's not save it in our memory.”
